REAL ESSENTIALS RESPOND CERTIFICATION

Presented by The Center for Relationship Education

NOVEMBER 9-10, 2022 | 8:30 AM TO 5:00 PM

The Respond Certification is uniquely specialized for the specific relational needs of military personnel, veterans and emergency responders. CRE is committed to serving those who serve others so selflessly. Personnel in these fields tend to experience heightened stress due to deployment, trauma exposure and trying shift work. REAL Essentials Respond serves to help equip agencies with relationship skill building tools to safeguard military and responder families and communities.

This 2-day training is taught by first-hand experts in the field with personal knowledge of the impact their professions bring to their relationships. This hands on and interactive learning experience applies lesson modules for integrating at the agency level, in peer support networks, or on base. Stay on the front line of relationship training and drastically improve lives
